M.U.D. Fight!

MUDFight.org

Let's protect our small piece of Texas, wildlife, environment, local ranches, farmers, and faithful citizens that enjoy living a quiet and peaceful country lifestyle.

This wastewater treatment permit request to accommodate a M.U.D. community by the developer impacts the residents of **Buena Vista, Sonoma Verde, Grande Verde**, and **areas surrounding the RC, Quinlan, Terrell, Poetry**, and those who live on the of **Rockwall county line on South Munson**. Likewise, the **residents on 1565** will be impacted by this new building request and development.

Please file your complaint with TCEQ in opposition of this building request. The M.U.D. hasn't been approved yet and **this can still be stopped** if we **ALL** take five minutes to file the complaint. At the very least, if we can get every community member to file, we should eventually be able to request a meeting with TCEQ and express our concerns about this wastewater treatment plant and M.U.D. community.

Bishop Airfield's M.U.D. Application

You can also hand write and mail your complaint to the following address, just ensure you use the below permit number.

Permit Number: **WQ0016557001**

**Texas Commission on Environment Quality
Office of the Chief Clerk**

MC-105
